

Work at PSA

UTM Counselor Staff 2009

Thank you for your interest in working at Peel Summer Academy. We are entering our 27th year of programming and continue to look for enthusiastic and energetic staff who have a keen interest in working with gifted youth. We offer a number of programs for youth in grades 4 through 10. To learn more about the programs, please visit the "Program Overview" link on the home page. We will be posting jobs in December 2010 for Summer 2011. Applications are due middle of January 2011. Below is a list of our PSA programs and subsequent positions we hire for the respective programs.

Program 1: UTM Experience On-site Administrator (1) On-site Program Assistant (1) Counsellor (varies) Instructor (must also submit course proposal(s) with description for each - please click [here](#) for some tips on creating a course!)
*Please note: We initially propose 50-55 courses to the students of PSA. The Open House in early March provides an opportunity for the instructors to "sell" their course, while the students peruse and chat with the instructors to make their final selections. From our initial course proposal list, we put forth about 30-35 courses based on the interest of the students. Program 2: Exploration Lead-ON On-site Administrator (1) On-site Program Assistant (1) Program 3: West Coast Marine Discovery On-site Administrator (1) On-site Program Assistant (1) Counsellor (1 or 2) Program 4: Newfoundland Adventure On-site Administrator (1) On-site Program Assistant (1)

If you have any questions, please contact Courtney Clayton .
